SECTION 4: FIRST AID MEASURES

Description of First Aid Measures

Eye: Rinse thoroughly with water for at least 15 minutes, holding the eyelids open to be sure the material is washed out. Get immediate medical attention.

Skin: Remove contaminated clothing. Wash contact area thoroughly with soap and water. Get medical attention if irritation or symptoms of exposure develop. Launder clothing before re-use.

Inhalation: Remove victim to fresh air. Give artificial respiration if needed. If breathing is difficult, oxygen should be administered by qualified personnel. Get immediate medical attention.

Ingestion: Aspiration hazard: do not induce vomiting. Keep the victim calm and warm. Get immediate medical attention.

Most Important symptoms and effects, both acute and delayed: May cause skin, and eye irritation. Aspiration hazard: material may enter the lungs if swallowed and cause lung injury. Inhalation of vapors may cause headache, dizziness, nausea and other symptoms of central nervous system depression. Repeated skin exposure may cause defatting or drying of skin.

Indication of any immediate medical attention and special treatment needed: None known

SECTION 5: FIRE-FIGHTING MEASURES

Extinguishing Media: Use water fog, foam, carbon dioxide or dry chemical.

Special Hazards Arising from the Substance or Mixture

Unusual Fire and Explosion Hazards: Vapors are heavier than air and may travel along surfaces to remote ignition sources and flash back. Vapors may form explosive mixtures with air in confined areas.

Hazardous Decomposition Products: Oxides of carbon and unknown materials.

Special Protective Actions for Fire-Fighters:

Special Fire Fighting Procedures: Wear an approved, positive pressure, self-contained breathing apparatus and full

protective clothing. Cool fire exposed containers with water.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedures:

Remove all ignition sources such as open flames, spark producing equipment, pilot lights, etc. Wear appropriate protective clothing to prevent eye and skin contact including impervious gloves, safety goggles and respirator if needed. Ventilate area.

Environmental Precautions:

Report spills and releases as required to appropriate authorities.

Methods and Material for Containment and Cleaning Up:

Cover with an inert absorbent material and collect into an appropriate container for disposal
